Killeen, TX 76542

Dear Dr. Morton:

Thank you for inviting CIA Director William J. Casey, for whom I am responding, to give the commencement address at Central Texas College on 12 May.

Unfortunately, Mr Casey's schedule is very busy at this time of year, and he must decline the honor. Please extend his congratulations to the members and families of the class of 1984.

Sincerely,

George V. Lauder  
Director, Public Affairs

The Honorable William J. Casey  
Director, Central Intelligence Agency  
Washington, DC 20050

Dear Mr. Casey:

The purpose of this letter is to extend an official invitation to you to be our commencement speaker at the Central Texas College graduation scheduled for 10:00 AM on May 12, 1984.

This year 308 students will be receiving their Associate Degree from Central Texas College, of which approximately 56 are active duty military personnel assigned to Fort Hood, Texas. The graduation is conducted outdoors, weather permitting, and receives extensive radio, television, and press coverage in the Central Texas Area.

Since the early 1970's Central Texas College has been successful in exporting educational and training programs to assist in meeting the education and training objectives of the U.S. Armed Services at approximately 200 sites throughout the Continental United States, Latin America, Europe, and the Pacific, Far East. Each program was designed to meet the unit commander's training needs as dictated by the unit's location and assigned mission. The Year 1981 saw the rapid growth and development of military skills training with extensive testing support for Fort Hood, Texas. The end result was an enormous growth and implementation of military skills training which led to the development of nearly 100 military programs of instruction. As these programs are developed at Fort Hood, they are made immediately available to all U.S. military installations throughout the world. These various military related programs have significantly contributed to improving the combat readiness of the U.S. Armed Forces; and, as a result, Central Texas College has earned the respect and admiration of commanders throughout the world. Over 250,000 students will be serviced this year by Central Texas College worldwide.

I have enclosed various informational literature pertaining to Central Texas College for your review. I have designated Mr. Richard D. Wilson, Deputy Chancellor for Human Resources Development, telephone number (817) 526-1223, to act as the point of contact with your staff to coordinate your trip here to Central Texas College.

We recognize that your busy schedule often precludes accepting an invitation of this nature; however, all of us would consider your visit to the Central Texas area on this important occasion a sincere privilege and honor.

Respectfully,

L. MORTON  
Chancellor
